Articles Of The Alliance Of The Southeastern States Militia

Whereas it has become evident that legislation, legislative initiatives, and policies emanating from certain officials and agencies of the government of the United States, are destructive of the very liberties they were empowered to defend; perverting God given rights into mere privileges to be taken at whim, unjustly making war, killing and imprisoning those who would oppose them - we of the southeastern states militia have found it necessary to form a defensive alliance.

We form this alliance for the defense of the minority from the tyranny of a majority who have believed the lie that this nation is a democracy, thus allowing the destruction of our constitutional, representative republic, and our nations descent into socialism. To defend against the further use of any problem or situation as an excuse for the enemies of liberty to attack the Bill of Rights, or its defenders. Also to defend life, liberty, and the pursuit of happiness of all this nation's people. Further, to protect this nation's sovereignty, and to restore our beloved government to its constitutional boundaries.

Therefore, we the militiamen of the southeastern United States, do affirm before God that we have entered an alliance against tyranny. That united, we will stand against all enemies of the Constitution and Bill of Rights, both foreign and domestic. That we will consider passage of any laws that further restrict the Second Amendment, outlaw the several states civilian militia, or hinder their activities in anyway, to be an act of war against the people of the United States.

We will resist with force of arms the use of foreign troops, or the unconstitutional use of our armed forces, against the America people. We will consider it an act of war to surrender any more of the sovereignty of this nation to the United Nations. Thus, the Southeastern States Alliance will fight the New World Order, and any of its proponents, to the bitter end.

While we will never make a first, or preemptive strike, on the enemies of liberty, we will consider any planting of, fabricating of, or evidence gained through entrapment -- that is then used to imprison the most junior member of an alliance militia unjustly, to be an act of aggression against the whole Southeastern States Alliance. We pledge that the unwarranted use of deadly force against any militiaman, within the alliance states, will be considered an act of war that will bring a swift response from all the alliance militia. Plainly states, any illegal, unconstitutional action that deprives an alliance militiaman of life or liberty, will be an act of aggression against all, responded to by all of the Southeastern States Alliance militia.

Before our God, we swear an oath to each other to uphold this Alliance Agreement with our honor, wealth, liberty, and lives. We pledge to set aside our personal welfare for the sake of the alliance, our states, and nation. That we will work together as brothers and sisters for the cause of the patriotic struggle, knowing that with our unity and God's help, the victory is ours!
